FOSTER FAMILY AGENCIES

The basic rate component of the FFA rates is increased by the same percentage as the AFDC-FC/SED family home basic rates. Therefore, effective July 1, 1990, the basic rate component of the FFA rate will be increased by 5 percent as specified in SB 370 and in accordance with the regulatory formula used to compute the calculated rate cap outlined in the Administrative Standards For Eligibility And Assistance Programs AFDC-Foster Care Rates Regulations Section 11-403(d). An individual rate notification letter regarding the rate effective July 1, 1990, will be sent to each FFA and a copy to each host county indicated by the FFA.

The computation of the new FFA calculated rate cap for each of the five age groups is shown below:

	Age Groups				
	0-4	5-8	9-11	12-14	15-18
1. Basic Rate:	345	375	400	444	484

FFAs whose current rates are greater than or equal to the new calculated rate caps will be frozen. FFAs whose current rates are below the new calculated rate caps will receive up to a 5 percent rate increase. However, the rate increase cannot raise a FFA rate above the new calculated rate cap.

### GROUP HOMES

Effective July 1, 1990, foster care providers licensed as group homes shall have rates established by classifying each group home program and applying the standardized schedule of rates.

An individual rate notification letter regarding the rate effective July 1, 1990, will be sent to each group home provider and a copy to each host county indicated by the group home provider.

Group home programs shall continue to be paid at the Fiscal Year (FY) 1989-90 rate until the notification is sent. The Department anticipates notifying all providers (who submitted timely rate requests) and affected Counties by October 1, 1990. As the effective date for timely rate requests is July 1, 1990, Counties will be required to issue retroactive supplemental payments to any group home program with a FY 1990-91 rate increase.

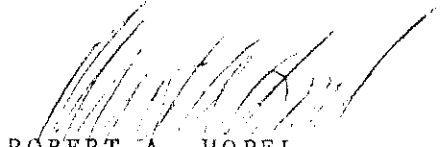

### CLOTHING ALLOWANCES

Clothing allowances shall be adjusted in accordance with the methodology for the schedule of AFDC-FC/SED family home basic rates. Therefore, a County receiving State participation in a clothing allowance shall increase the clothing allowance by 5 percent effective July 1, 1990. No County shall receive State participation for an increase in any part of a clothing allowance which exceeds 5 percent.

### SPECIALIZED CARE

Specialized care rates shall be increased by 5 percent effective July 1, 1990. No County shall receive State participation for any increase in any part of a specialized care increment which exceeds 5 percent.
